

PESTICIDE RISKS FOR POLLINATORS

TESTING METHODOLOGIES, RISK ASSESSMENT AND RISK MANAGEMENT

PROGRAMME

Wednesday 16 October 2013

09:30 Coffee

10:00	Welcome	Bart Bosveld, SETAC Europe, BE
10:05	Introduction by the symposium chair Introduction by the European Commission	Guy Smagghe, Ghent University, BE Francesca Arena, EC, BE

Plenary

10:30	Pollinators in agricultural crops	Claudia Garrido, BeeSafe, DE
11:00	Risk assessment: the bees and beekeepers point of view	Jens Pistorius, Julius Kühn Inst., DE
11:30	The protection of pollinators and protection goals in the regulatory framework - EFSA approach	Csaba Szentes, EFSA, IT
12:00	US/Canadian approach to pollinator risk assessment: assessing multiple lines of evidence	Tom Steeger, US EPA, USA Connie Hart, Health Canada-PMRA, CA
12:30	Protection of pollinators: NAPPC's views and actions	Laurie Adams, NAPPC, USA
13:00	Lunch and poster viewing	
14:00	Bee guidance documents - an end users view	Mark Miles, Bayer CropScience, UK
14:30	Regulatory framework for seed treatments in the EU	Gunilla Eriksson, EC, IT
15:00	Wrap up by the panel and discussion	Scientific Steering Committee and speakers

Methods honeybee testing

15:30	Assessment of effects: laboratory level - methods and relationship to protection goals	Stephan Schmitzer, IBACON, DE Jens Pistorius, Julius Kühn Inst., DE
16:15	Break	
16:30	Assessment of effects: semi field and field level - methods and relationship to protection goals	Cynthia Scott-Dupree, University of Guelph, CA Ingo Tornier, Eurofins, DE

Methods for non-apis bees

17:30	The current status and developments in regulatory testing	Christoph Sandrock, IES Ltd, CH Marco Candolfi, IES Ltd, CH
18:00	Wrap up by the panel and discussion	Scientific Steering Committee and speakers

19:00 Poster Session

20:00 Symposium dinner

PESTICIDE RISKS FOR POLLINATORS

TESTING METHODOLOGIES, RISK ASSESSMENT AND RISK MANAGEMENT

PROGRAMME

Thursday 17 October 2013

Exposure

08:00 Pesticide exposure for pollinators: routes of exposure, scenarios, link to measured values
Mark Miles, Bayer CropScience, UK
Keith Walters, Imperial College, UK

09:30 Modelling for pollinators
Volker Grimm, UFZ, DE

10:00 Break

Conducting a risk assessment

10:15 Open discussion forum:
How to conduct a risk assessment according to the previous discussions and future/current data requirements and guidance documents.
Veronique Poulsen, ANSESS, FR
Tom Steeger, US EPA, USA
Connie Hart, Health Canada-PMRA, CA
& panel members selected from speakers and audience

13:00 Lunch

Risk management

14:00 Risk management and best management practices
Risk mitigation for pollinators
Feedback from the MAgPie workshop and OECD PEIP
Anne Alix, Dow, UK
Lois Rossi, US EPA, USA

15:30 Concluding remarks, open discussion, further work
Scientific Steering
Committee and speakers

16:00 Coffee
End of symposium
